## **USS Liberty Veterans Association Announces War Crime Charges Filed Against Israel**

**(Washington, DC) - Friday, June 10 at 1:00 pm,** Hotel Washington, 515 15th.St NW, Washington Room 11<sup>th</sup> floor (hit R for roof in elevator), Moe Shafer, board member of the USS Liberty Veterans Association and Rear Admiral Merlin Staring, USN, (Ret.), Former Judge Advocate General of the Navy who was involved with the initial Court of Inquiry investigating the attack in 1967 will present details of the “Report of War Crimes” brief filed on behalf of the USS Liberty Veterans Association concerning the 1967 Israeli attack on the USS Liberty.

The “Report” was filed with by James R. Gotcher, General Legal Counsel, USS Liberty Veterans Association, with the Secretary of Defense at the Pentagon on June 8, the 38<sup>th</sup> anniversary of the attack on the USS Liberty. For a complete copy of the brief go to

By establishing prima facie evidence that Israel committed war crimes the Secretary of Defense under existing Dept. Of Defense directives is obligated to initiate an inquiry into the commission of war crimes, an investigation that should have been carried out 38 years ago.

Gotcher was an Air Force intelligence officer in Vietnam in 1967 and is one of three intelligence officers who were in different parts of the world at the time. Independent of each other they signed sworn affidavits that they saw intelligence messages saying the USS Liberty was under attack by Israeli aircraft in the Mediterranean.

Moe was a 3rd class Communications Technician on the USS Liberty and survivor of a torpedo attack that killed 25 of his ship mates in the part of the ship where he was stationed.

Captain Ward Boston, a JAG (Naval Legal) Officer involved with the initial inquiry and retired FBI agent examined the original copy of the Court of Inquiry record released under the Freedom of Information Act and declared it a fraud. "It is not the record I certified and submitted in 1967," says Captain Boston.

Lloyd Painter, Officer of the Deck on the USS Liberty and retired Secret Service agent of 24 years testified that his statement mentioned in the report, "that the Israeli torpedo boat crews machine gunned the USS Liberty inflatable life boats" was removed from the final report that was submitted in 1967.

Immediately following the press conference there will be a panel discussion at the Washington
